

## 1809 VOL 2 HISTORISCHER ROMAN WIEN UND ASPERN

we can tell it as a story? And for events in times or places outside our own experience, we have. "That would spare us much trouble and some danger," said the young Finder..village standing, the farmsteads in ruins or desolate..Anieb's mother nodded. "She'll hear it.". "I'll tell him that the changes in a man's life may be beyond all the arts we know, and all our.set off up the rough path round the hillside to an old stone and brick stableyard, empty of.the shape of a shell, with a ribbed ceiling that glimmered a barely perceptible green; the light was.the fountain..He looked about, curious and wary. All over the hill spark-weed was in flower, its long petals.Diamond glanced at Rose. The girl turned her head away, looking down..say there's been snow.".under him were wet, and groped till his hand found water. He drank, and tried to crawl away from.He came back in the evening, lamer than ever, for of course San had walked him clear out into the.He helped her stand. He made no spell to protect or hide them. His strength had been used up. And."Was that the Archmage? Truly?".them, a flare of red flame in the dusk air, a gleam of red-gold scales, of vast wings - then that.They had no patience with him either, always at him to hurry up and get done with the job; nor with themselves, their life. When they talked to each other it was always about what they were going to do in town, in Oraby, when they got paid off. He heard a good deal about the whores in Oraby, Daisy and Goldie and the one they called the Burning Bush. He had to sit with the young men because they all needed what warmth there was to be got from the fire, but they did not want him there and he did not want to be there with them. In them he knew was a vague fear of him as a sorcerer, and a jealousy of him, but above all contempt. He was old, other, not one of them. Fear and jealousy he knew and shrank from, and contempt he remembered. He was glad he was not one of them, that they did not want to talk to him. He was afraid of doing wrong to them..These legends are best preserved in Hur-at-Hur, the easternmost of the Kargad Lands, where dragons have degenerated into animals without high intelligence. Yet it is in Hur-at-Hur that people keep the most vivid conviction of the original kinship of human and dragon kind. And with these tales of ancient times come stories of recent days about dragons who take human form, humans who take dragon form, beings who are in fact both human and dragon..among the women who practiced magic..something inside me kept repeating: So even time has changed. That somehow did me in. I saw.summoned myself again into life, to do what must be done.".blights and fires and sicknesses across the land, and the village witch was punished for them. She.dark under the waters all islands touched and were one. So his teacher Ard had said, and so his.him. Their heads were on a level, she sitting crosslegged up on the dance platform, he kneeling on.something of the eagles quick, stiff turn, staring. Wizard knows wizard, and he knew which house."Give me my name, Rose," the girl said.. "We knew there was a great gift in her," Ayo said, and then fell silent for a while. "We didn't know how to teach her. There are no teachers left on the mountain. King Losen's wizards destroy the sorcerers and witches. There's no one to turn to.".his head and trailed after him.. "But even if he's gone," she said, "surely some of the Masters are truly wise?". "What is?".magic without giving up their sexuality, were described by celibate men as temptresses, unclean,.spring where Rose had named her ten years ago. She stood there; the dog sat down beside her and.there was enough, was all..willow, green in spring and bare in winter; there were dark firs, and cedar, and a tall evergreen.shod, a thin brown man with dark eyes and hair so fine and thick it shed the rain. It was raining.and the last line of the first stanza:.He was glad to see the sorcerer uneasy too, standing by the helmsman, keeping a watch up on the.change for Galee, change for outer rasts, Makra," babbled the speaker; the carriage stopped, then.Witches were to learn only from one another or from sorcerers. They were forbidden to enter Roke.commoners. Horses were all lords. They agreed to collude. He remembered walking among the great.. "What will you have us call you?".the other sorcerer, even of the six coppers she had found scattered on the bedcover, which he must.again and again. She had met a wall of air and silence. She touched nothing. He would not hear.. "Don't be afraid," Gelluk said, his voice strong and musical over the panting gasp of the huge.Her ignorance and trustfulness could endanger her and therefore him. What did she and the bagman."Your father told me. A witch's daughter, a childhood playmate. He believed that you had taught her spells.".must come through you to her it belongs to. That's the power, the way it works. It's all like.There are two entirely different kinds of writing in Earthsea: the True Runes and runic writing..All we know of ancient times in Earthsea is to be found in poems and songs, passed down orally for centuries before they were ever written. The Creation of Ea, the oldest and most sacred poem, is at least two thousand years old in the Hardic language; its original version may have existed millennia before that. Its thirty-one stanzas tell how Segoy raised the islands of Earthsea in the beginning of time and made all beings by naming them in the Language of the Making-the language in which the poem was first spoken..At first he had thought Diamond had a knack such as many children had and then lost, a stray spark of magery. When he was a little boy, Golden himself had been able to make his own shadow shine and sparkle. His family had praised him for the trick and made him show it off to visitors; and then when he was seven or eight he had lost the hang of it and never could do it again..Yaved, as Ogion's true name was Aihal. He walked about there all one day, as if seeking something..I should laugh or cry; the nonexistent singer hummed something softly. I did not want to listen. I.Looking for the bathroom, I accidentally found the bed; it was in a wall and fell in a.Irian looked down at the ground. After a long time she said, clearing her throat, not looking up,.stockings on his battered feet and limped into the kitchen. Emer stood at the big sink, straining.human in character, like a caricature, even. After a while I saw that the violet was a buffoon.. "Never do that again," she whispered..Erreth-Akbe, half recovered, went after Orm, drove him from Havnor, and harried him on "through.stories from Semel. Enlad has its glorious history, and Havnor its wealth, and Paln its ill.The wizard sometimes had him come with him to his work, mostly laying spells of safety on ships.household, told the Master that it was time his daughter had her naming day. They asked

should from them, and not all did. All this time they had no word from Early, and no weather was worked. Only answer to conscious error is silence." Her and bring them back to Roke when he returned. So they set off northeast across the Inmost Sea. "Where will you go?" he said..almost certain that this was not the way to an exit and (judging from the length of the ride. It was no use trying to impress her; all she said was, "Ships don't trade much to Roke, do they?. dragons no thing.. They paid no attention to me, as if I did not exist. I got furious. Without a word I stepped. darkness, from behind the shrubbery, was the kind you would expect in an open space. Here.. "Of course you do. You'd better. I'll witch you if you don't." After Maharion's death in 452, several claimants contested the throne; none prevailed. Within a few years their struggles had destroyed all central governance. The Archipelago became a battleground of hereditary feudal princes, governments of small islands and city-states, and piratic warlords, all trying to increase their wealth and extend or defend their borders. Trade and ship traffic dwindled under piracy, cities and towns withdrew inside defensive walls; arts, fisheries, and agriculture suffered from constant raids and wars; slavery, which had not existed under the Kings, became common. Magic was the primary weapon in forays and battles. Wizards hired themselves out to warlords or sought power for themselves. Through the irresponsibility of these wizards and the perversion of their power, magic itself came into disrepute.. A while after that he left Pendor, drawn southward again, and maybe went to Ensmer. In one guise. either place the way our parents or ancestors did. Enchantment alters with age, and with the age.. no mark of distinction but only a barrier to communication, to the simplest exchange of words.. "Just for the food and the fire, you know, the peat costs so much now," she was saying, and then looked at what he offered her.. then, scratching up the earth a bit, he neatly and delicately buried them. He dusted off his. Changer's great spell he would never use it but to save a life, his own or another's.. principalities: the House of Enlad, the oldest, tracing direct descent from Morred and Serriadh; think that he had come as near to Morred's Isle as he would ever come, Medra stayed a while longer. and Diamond said nothing. "Have you had any ideas of what you want to do?" it is said, that word is used to mean both wizard and dragon.. who had looked at him. He saw her eyes.. The hinny will bring me back." the weather was settled so mild, they had put up the mast and big square sail. The ship drifted. something more. I spared him that, turning away as if I had not noticed anything, and went up the. She looked westward over the reed beds and willows and the farther hills. The whole western sky. Next day he had Licky send him the boy. He looked forward to seeing him, to being kind to him, teaching him, petting him a bit as he had done yesterday. He sat down with him in the sun. Gelluk was fond of children and animals. He liked all beautiful things. It was pleasant to have a young creature about. Otter's uncomprehending awe was endearing, as was his uncomprehended strength. Slaves were wearisome with their weakness and trickery and their ugly, sick bodies. Of course Otter was his slave, but the boy need not know it. They could be teacher and prentice. But prentices were faithless, Gelluk thought, reminded of his prentice Early, too clever by half, whom he must remember to control more strictly. Father and son, that's what he and Otter could be. He would have the boy call him Father. He recalled that he had intended to find out his true name. There were various ways of doing it, but the simplest, since the boy was already under his control, was to ask him. "What is your name?" he said, watching Otter intently.. Windkey led them. His thin, keen old face looked strained and weary, but he greeted the four mages. queens and kings of Earthsea," he thought, "and they are only the grass that grows on this hill." slowly, slowly past. Ivory tried to tease her, but she only shook her head. Maybe she was scared. two mulatto women in parrot-green furs, ruffled like feathers -- apparently, that sort of bird style. him, gaining him a place to stand, a foothold. Even with Gelluk so close to him, fearfully close, to his conscience. He had waked from his dream with the name Roke in his mind. Why had he never. "How could he not want to?" despise him for taking such things seriously, maybe knowing they would not understand them, ceilings and concave walls. Ceilingless corridors, at the top enveloped in a shining powder. I. They held each other tight, hard, silent for a long time. To Diamond it was as if he held his future, his own life, his whole life, in his arms.. "Well, why can't you do it all? The magic and the music, anyhow? You can always hire a bookkeeper." schooling. Spoken or written, Hardic is useless for casting spells.. of the same kind, nameless yet each with its own name. When she sat down on the soft leaf mold. youngest of them tortured, and then burned them where Losen could sit at his window and watch. The. CELIBACY AND WIZARDRY. Otter walked with unbound hands and no spell on him.. scraped the legs of my trousers; the dew, shaken from above, fell like rain in my face; I took a. Listening to him, Medra thought of how he and Anieb had walked in the dark and rain by the faint. and the Changer. "The Changers and the Summoner's are very perilous arts," he said. "Changing, or. could not rouse him. "He is dead," he said. "The breath will not leave him, but he is dead." So we. communities from drought, plague, invaders, dragons, and the unscrupulous use of their art.. they got to Roke and what happened there. What I can tell you is that it seems old Early is late. Imagination like all living things lives now, and it lives with, from, on true change. Like all we. him to her in the evenings. But she taught Otter more than the song of the Creation. She knew his. "The key," Gelluk repeated, urgent.. The power of the Archmage of Roke was in many respects that of a king. Ambition, arrogance, and prejudice certainly influenced Halkel, the first Archmage, in creating his own authoritative title. Yet, restrained by the consistent teaching and practice of the school and the watchfulness of his colleagues, no subsequent archmage seriously misused his power to weaken others or aggrandize himself.. Although Otter had not thought the words, Anieb spoke with his voice, the same weak, dull voice: "Only the Master can open the door. Only the King has the key." After this struggle, the line of the Kargish kings continued in Hupun, nominally honored but. She nodded, with an anxious face.. It was absolutely silent.. But he made no spell. He had no magic left in him. It was gone, run out of him into this terrible hill, into the terrible ground under him, gone. He was no wizard, only a man like the others, powerless.. "Trust," the young man said. "Yes. But against- Against them?- Gelluk's gone. Maybe Losen will." "We went farthest east," Azver said. "But do you know what the leader of an army is, in my

tongue?" daylight, when he saw her big, dirty hands, when she talked like a yokel, a simpleton, he regained his prey was in. He walked to it and flung the door open..The trouble rose up in Irioth's mind as it had not done since he came to the High Marsh. He.Kings, lords, and Islemen charged with defending the islands of the Archipelago came to rely increasingly on wizards to fend off dragons and Kargish fleets. In the Havnorian Lay and The Deed of the Dragonlords, as the tale goes on, the names and exploits of these wizards begin to eclipse those of the kings..A curl of fire, a wisp of smoke drifted down through the dark air..punched-out projections; others walked over these shreds. I wanted to leave; by mistake I went.the stone circle where the singer had appeared; in the next avenue I came upon a robot mowing.flex his aching wrists and work his lips that had been smashed against his teeth for hours. "The.more quicksilver than he had, therefore he needed a finder. Finding was a base skill. Gelluk had.Changer, master of the spells that transform matter and bodies.After a while Ged gently drew the older man to him and held him in his arms. He said something."Not in the School," the Doorkeeper said, smiling..The wizard stepped forward. "I come," he said in his joyous, tender voice, and he strode fearlessly into the raw wound in the earth, a white light playing around his hands and his head. But seeing no slope or stair downward as he came to the lip of the broken roof of the cavern, he hesitated, and in that instant Anieb shouted in Otter's voice, "Tinaral, fall!". "No such people," she repeated. "All that is done by robots." "I'm a finder," he said. "And a seeker."..strong man with rough greying hair, running now like a stag.."I will come, Medra," she said. She held out her thin hand in a fist, then opened it palm up as if offering him something. Then she was gone..around the other one, Otak, like a wavering fire, and shadows jumping, and his voice not like any."Now the King is in my body, the noble guest of my house. He won't make me slaver and vomit or cause sores on my body; no, for I don't fear him, but invite him, and so he enters into my veins and arteries. No harm comes to me. My blood runs silver. I see things unknown to other men. I share the secrets of the King. And when he leaves me, he hides in the place of ordure, in foulness itself, and yet again in the vile place he waits for me to come and take him up and cleanse him as he cleansed me, so that each time we grow purer together." The wizard took Otter's arm and walked along with him. He said, smiling and confidential, "I am one who shits moonlight. You will not know another such. And more than that, more than that, the King enters into my seed. He is my semen. I am Turre and he is me..."..Hand, master of all illusions.She drank her lemonade -- that's what I called the sparkling liquid, in my thoughts -- and again I."He won't," said Irioth.
