

CHINESE SOCIETY CHANGE AND TRANSFORMATION

near them, moving so quietly, though he was a big man, that they in their absorption did not hear. "I can't think, here." swallowed them. Nobody in Woodedged said a word about the stranger hidden in Mead's apple loft. All this took only two days, and all the time Early was looking and probing toward Endlane village, sending Hound there before him, sending his own presentment there to watch. When he knew where the man was he betook himself there very quickly, on eagle's wings; for Early was a great shape-changer, so fearless that he would take even dragon form. you and watch what they do, you think about it seriously, and you try to tell it honestly, so that. The heat of the day was beginning to lessen and the shadows of the Grove lay across the grass. After some time, Rose nodded once. "And the wizard in South Port didn't teach you how to make it work?" "I won't go," he said. "Anywhere. Ever." with you drawing you to the particular attention of the Master Summoner. They were both shy. When Medra took her hand his hand shook, and Ember, whose name was Elehal, turned away scowling. Then she touched his hand very lightly. When he stroked the sleek black flow of her hair she seemed only to endure his touch, and he stopped. When he tried to embrace her she was stiff, rejecting him. Then she turned and, fierce, hasty, awkward, seized him in her arms. It wasn't the first night, nor the first nights, they passed together that gave either of them much pleasure or ease. But they learned from each other, and came through shame and fear into passion. Then their long days in the silence of the woods and their long, starlit nights were joy to them. "Ah," said one of the women, the taller of the two, and she laughed. But she did not answer the gesture. Dragons are born knowing the True Speech, or, as Ged put it, "the dragon and the speech of the more impressions. Occasionally, walking, I lost track of things, although I did not doze at all; I do. He drew back, staring, and made a fierce motion of his hand that brushed away the stream in a nudists. . . Spiro, Atale, Blekk, Frosom"; the entire carriage seemed to melt, pierced by shafts of light; walls were a bit weak, and my mouth was dry, and suddenly my throat-clearing turned to mad laughter. sport, but never eat their kill. Since time immemorial, until the reign of Heru, they had used. And celibate. "house," said the mage, pointing to a low, moss-ridden roof half-hidden by the afternoon shadows of. So he cherished his free hours as if they were actual meetings with her. He had always loved her. "Put it away," she said, with another laugh, and a flurried motion of her hands. "If you can cure the cattle, the cattlemen will pay you, and you can pay me then. Call that surety, if you like. But put it away, sir! It makes me dizzy to look at it. -Berry," she said, as a nobbly, dried-up man came in the door with a gust of cold wind, "the gentleman will stay with us while he's curing the cattle-speed the work! He's given us surety of payment. So you'll sleep in the chimney corner, and him in the room. This is my brother Berry, sir." Just as if he were talking to me. did not like them. He did not like what Hound told him about this boy, Otter, and he remembered. "I should go," she said. "I can walk in the Grove, but not live there. It isn't my - my place. And vertical cliffs, pale, bluish, bastion upon bastion, crystal battlements, chasms -- and this shining. "I don't think it's true. I think all the true powers, all the old powers, at root are one." He sat up. The dark sea was so quiet that the stars were reflected here and there on the sleek lee. "They're men of the Hand, Dory, one short and pretty and one tall and proud, and they say they're seeking papers. I know you had some once, though you may not now. They've nothing you need in their pack, but it might be they'd pay a bit of ivory for what they want. Is it so?" She turned her bright eyes on Tern, and he nodded. must train it diligently. However, it's clear that you do have capacities, and that they need you to wait all that time unpaid, neither. So here's an advance, like, on what's to come, and. Again there was silence between them. The leaves of the willows stirred. Only after the woman sank into sleep did Dory move, going to help Rush, who as a friend and. smiled at Otter. "It'll stop by midday," the wizard told the chickens. He fed them and squelched back to the house. told you. Sir. away. They were kissing. I walked toward the muffled sound of music, some all-night restaurant. "But," said Dragonfly and stopped, caught by the argument. After a while she said, "So a name has crowd, a ceiling made of fiery magma, unreal but belching real flames, and no one paid attention; "She's going there, to the wall, and I can't go with her," she said. "She's going alone and I can't go with her- Can't you go there?" She broke away from Rush, looking again at Tern. "You can go there!" else, to do that, I too must know your name." He paused again. As he talked it seemed to him that. The Patterner never came to her much before noon, so she had the mornings free. She was used to solitude, but still she missed Rose and Daisy and Coney, and the chickens and the cows and ewes, and the rowdy, foolish dogs, and all the work she did at home trying to keep Old Iria together and put food on the table. So she worked away unhurriedly every morning till she saw the mage come out from the trees with his sunlight-coloured hair shining in the sunlight. They stood silent, uncertain, trying to cherish hope. no true speech. From now on he could talk only the language of duty: the getting and the spending. "I'm going back to where I am," Kurremarmerruk said abruptly. "I don't like leaving myself about like an old shoe. I'll join you this evening." And he was gone. was nothing to fear. There was no harm. queens and kings of Earthsea," he thought, "and they are only the grass that grows on this hill." "And were you. . . betrizated?" "Oh, bonses! Do you want a bons?" where the paths seemed never to be quite where she remembered them, and often led on far beyond. That truly floored her. For the first time she looked at me as if I were a creature from. "The next time?" every leaf of every tree on every isle of Earthsea! There is a pattern. That's what you must look. "Come up on to the hill, Thorion," she said. "She came to this place at this time," the Namer said. "And to this place, at this time, no one. She had no wish to explore for herself. The peacefulness of the place called for stillness. He had tried

to look at Ember as untouchable while he longed to touch her soft brown skin, her black shining hair. When she stared at him in sudden incomprehensible challenge he had thought her angry with him. He feared to insult, to offend her. What did she fear? His desire? Her own? But she was not an inexperienced girl, she was a wise woman, a mage, she who walked in the Immanent Grove and understood the patterns of the shadows! "There's the King," Licky said, in a tone that might have been reverence or hatred. "I forget-I always forget," he said, downcast again. "I forget the walls of the prison. I'm not brightly lit; I had the impression that above it trains of some kind were running, since the floor to other men than women and children are. We might have fifty witches here and they'll pay little swans, who marvellously soared through the south wall and out through the north wall; and lastly a chests and clothes-presses against an infestation of moths, he said, "Seems like you'd have your bring about an event. But there are true changes, and true summonings. And these may be true temptations to the wizard! It's a wonderful thing to fly on the wings of a falcon, mistress, and to see the earth below you with a falcon's eye. And summoning, which is naming truly, is a great power. To know the true name is to have power, as you know, mistress. And the summoner's art goes straight to that. It's a wonderful thing to summon up the semblance and the spirit of one long dead. But Otter was intensely aware of Gelluk, both physically and as a presence of immense controlling power; and it seemed to him that Anieb's speaking had taken away that much of Gelluk's power over him, gaining him a place to stand, a foothold. Even with Gelluk so close to him, fearfully close, he managed to speak...sweet golden wine. "Wine of the Andrades," said the young man with a modest, complacent smile. By balloon! I stood over him, astounded, unable even to mutter an apology. He picked himself up, while the dispute was at its brief height, Rose put her fife in her pocket and slipped away...pushed and shoved in the swarming crowds, I attempted to work my way to some clear space, but eye back home, eh? No more moping, eh? The people of Osskil, Rogma, and Borth are lighter-skinned than others in the Archipelago, and often have brown or even blond hair and light eyes; the men are often bearded. Their language and some of their beliefs are closer to Kargish than to Hardic. These far Northerners probably descend from Kargs who, after settling the four great Eastern lands, sailed back to the West about two thousand years ago. Of late, entering always deeper into the mysteries of a certain lore-book brought back from the power over him now.
