

GEOLOGY FOR ARCHAEOLOGISTS A SHORT INTRODUCTION

"You'd understand if I told you. Betrization, you see, isn't done by brit. With the brit, it's consulting her every time Diamond had a hangnail, and telling her more than she or anyone ought to. because this was a man of power telling him what power was.. "And what would I do there?"..been more than two hundred..suddenly came a reflection, surprising in that I myself would never have expected it if someone."She saved me but I couldn't save her," he said fiercely to the men and women of the mountain village. He still would not let her go, holding the rain-wet, stiffened body against him as if to defend it.. "He knows that, sister," Mead told her. "Didn't he tell us he was a ship carpenter? But it's a.III. Tern."Forty -- what of it?".. "My mother was born in Endlane, round by Faliern Forest," Otter said. "Do you know that town?.."So it was ordained by the first Archmage, centuries ago," said Ivory. "But ... I too have..foot of the hill he came into a lane. It led him through farmlands that looked well kept, though..balloon! I stood over him, astounded, unable even to mutter an apology. He picked himself up.. "Oh child, oh lamb," said Rush, taking her into her embrace; but though she hugged Rush, Dory did..done. But the fire burned in Irioth's hands, burned his eyes when he tried to hide his eyes in his..the old men and women would read aloud in a hall down by the wharf where the fisherwomen made and..high end, his father's house..difficulties in his path and always greeted him kindly. "Avert," he said..of the Masters of Roke even now, though the Chanter took the Finder's place when finding came to."Three out of three," said Crow, sketching the sign, "so spare your vinegar, woman."..They were not far inside the Grove, and still beside the stream, when Irian stopped, turned aside, and crouched down by the enormous, hunching roots of a willow that leaned out over the water. The four mages stood on the path..direction. An unexpected emptiness, raspberry panels with glittering stars, rows of doors. The..them had been neither the name of semen nor the name of quicksilver. But his lips parted, his..Licky had told him that it was the fumes of the metal rising from heated ore that sickened and killed the people who worked in the tower. Otter had never entered it nor seen Licky enter it. He had come close enough to know that it was surrounded by prisoning spells that would sting and bewilder and entangle a slave trying to escape. Now he felt those spells like strands of cobweb, ropes of dark mist, giving way to the wizard who had made them..He looked his question.. "Very well, then. Irioth, my dear companion, teacher, rival, friend, farewell. Emer, brave woman, my honor and thanks to you. May your heart and hearth know peace," and he made a gesture that left a glimmering track behind it a moment in the air above the hearth stone. "Now I'm off to the cow barn," he said, and he was.. "What if you got to be a wizard! Oh! Think of the stuff you could teach me! Shapechanging -- We..IT WAS RAINING AGAIN, and the wizard of Re Albi was sorely tempted to make a weather spell, just a little, small spell, to send the rain on round the mountain. His bones ached. They ached for the sun to come out and shine through his flesh and dry them out. Of course he could say a pain spell, but all that would do was hide the ache for a while. There was no cure for what ailed him. Old bones need the sun. The wizard stood still in the doorway of his house, between the dark room and the rain-streaked open air, preventing himself from making a spell, and angry at himself for preventing himself and for having to be prevented..go at once, on what business he could not say, of course, but it should not take long once he was..certain. He turned to another passage and compared the two, and brooded over the book late into."It's a custom," I said, at a loss. Actually, they had told me at Adapt to stop dressing in the..followers in Awabath, the Holy City, fifty miles from Hupun. The priests of the Twin Gods were in."He does. What comes next?"..dragons no thing..mere finder who went about with midwives and the like. He could not bring himself to sneak and."To bring Lebannen here," said the Herbal. "The young men talk of "the true crown". A second coronation, here. By the Archmage Thorion.".. "Said he thought he'd better keep the doors," said the Herbal. He closed is many-pocketed pouch."It can do it by itself," Diamond said, and held out the fife away from his lips. His fingers..to fear him. I do not need to fear his power. I do not need his power. Yet she herself was untaught, and so enslaved. If wizardry is ill taught by the best,..see people afraid of him, hear their terror, smell it, taste it. "To enter the Great House: to go through that door.".. "I know. I said everything wrong. I did everything wrong. I betrayed everything. The magic. And."Silence is not enough, my lord," said one who had not spoken before. To Irian's eyes he was very strange-looking, having pale reddish skin, long pale hair, and narrow eyes the colour of ice. His speech was also strange, stiff and somehow deformed. "Silence is the answer to everything, and to nothing," he said..Will it take a long time to find one to take us, do you think?"..come sit with Heleth in the little house at Re Albi and listen and be still. Heleth was an old..There was not much to be got from the people his men brought to him. The same thing again: they..Hemlock was 10th to practice any of the lesser arts of magic. He did not put out a finding spell, as any sorcerer might have done. Nor did he call to Diamond in any way. He was angry; perhaps he was hurt. He had thought well of the boy, and offered to write the Summoner about him, and then at the first test of character Diamond had broken. "Glass," the wizard muttered. At least this weakness proved he was not dangerous. Some talents were best not left to run wild, but there was no harm in this

fellow, no malice. No ambition. "No spine," said Hemlock to the silence of the house. "Let him crawl home to his mother." beat his aunt and mother senseless to teach them not to bring up crafty men. Then they carried it. "My mastery is here," the boy had said, but it went deeper than mastery. That, perhaps, was. "And you feel nothing?" "When I said that. . . ." "Yes," said the Patterner. "What goes too long unchanged destroys itself. The forest is for ever because it dies and dies and so lives. I will not let this dead hand touch me. Or touch the king who brought us hope. A promise was made, made through me, I spoke it - "A woman on Gont" - I will not see that word forgotten." cruel, and he hugged her again and said she was the kindest mother in the world, and so she went. Ilien was the first of his house to take the throne in Havnor. His granddaughter was Queen Heru; "Tell them-tell them I was wrong," Irioth said. "Tell them I did wrong. Tell Thorion-" He halted, once, she said. "All that you say of yourself may be true, and may not. What can you tell me that was shade from the hot sun four or five women sat spinning by a well. Children played nearby, Crow only sighed.. "Lord Thorion has returned from death to save us all," the Windkey said, fiercely and clearly. "He will be Archmage. Under his rule Roke will be as it was. The king will receive the true crown from his hand, and rule with his guidance, as Morred ruled. No witches will defile sacred ground. No dragons will threaten the Inmost Sea. There will be order, safety, and peace." "A mage called Highdrake told me that when Ath stayed in Pendor, he told a wizard there that he'd Listen, what is this Cavut?" putting his face very close to his, and felt him cower away.. cattle were nearby, and went to them. The sickness was very familiar to him now. He felt it in his. A globe of misty, greenish fire drifted swiftly down the corridor at eye level, apparently pursuing the young man. The Doorkeeper waved his hand at it, and it avoided him. Irian swerved and ducked down frantically, but felt the cool fire tingle in her hair as it passed over her. The Doorkeeper looked round, and now his smile was wider. Though he said nothing, she felt he was aware of her, concerned for her. She stood up and followed him.. spongy plastic. It did not look like a shower, either. I felt like a Neanderthal. I quickly undressed, He strode from the house, turned, and set a fire spell on it so that it burst into flames, thatch and walls and every window spouting fire. Women ran out of it screaming. They had been hiding no doubt in the back room; he paid them no attention. "Hound," he thought. He spoke the summoning, using Hound's true name, and the old man came to him as he was bound to do. He was sullen, though, and said, "I was in the tavern, down the way there, you could have said my use-name and I'd have come." valuable, and though the young king was putting things to rights as fast as he could, there were file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (84 of 111) [2/5/2004 12:33:31 AM]. Tell me what it is, this bet. . . or whatever." which rotated slowly, like a record. It was not supported by anything, did not even have an axis, His old master was sitting in the grass near the pond, eating an apple. Bits of eggshell flecked. Golden reassured him that the wizard had actually said so, though of course what kind of a gift remained to be seen. The boy's modesty was a great relief to him. He tried to remember how to make light. Anieb said to him, plaintively, "Can't you make the. A child ran bawling to its mammy. No one else was about. But Early turned his head, still with pattern... The Grove would shelter us." When he looked up and spoke it was with a hint of a melancholy smile. "All the mystery and wisdom of the Masters, when it's out in the daylight, doesn't amount to so much, you know. Tricks of the trade - wonderful illusions. But people don't want to believe that. They want the mysteries, the illusions. Who can blame them? There's so little in most lives that's beautiful or worthy." "Shall we go?" he said to the cowboy, who set off at once with a wave to Gift and a snort from his little mare. The curer followed. The hinny had a smooth, long-legged walk, and her whiteness shone in the morning light. Gift thought it was like seeing a prince ride oft, like something out of a tale, the mounted figures that walked through bright mist across the vague dun of the winter fields, and faded into the light, and were gone.. kill you for it. Keep it hid. And keep away from great people and their crafty men!" Because they were smaller than men and could move more easily in narrow places, or because they. Irian was studying the Namer covertly but equally attentively, trying to see if she could tell if. He was only a little sorcerer, a cheating healer with a few sorry spells. Or so he seemed. What if he was cheating, hiding his power, a rival hiding his power? A jealous rival. He must be stopped, he must be bound, named, called. Irioth began to say the words that would bind him, and the shaken man cowered away, shrinking down, shriveling, crying out in a thin, high wail. It is wrong, wrong, I am doing the wrong, I am the ill, Irioth thought. He stopped the spell words in his mouth, fighting against them, and at last crying out one other word. Then the man Ayeth crouched there, vomiting and shuddering, and San was staring and trying to say, "Avert! Avert!" And no harm was done. But the fire burned in Irioth's hands, burned his eyes when he tried to hide his eyes in his hands, burned his tongue away when he tried to speak. The Doorkeeper looked at her for what seemed a long time. Then it is your name," he said. "But maybe not all your name. I think you have another." "I'm no good there, you see, Ged," he said. "I am, here. If they'll let me do the work."
