My platform lifted lightly, like the wing.Banners still flew from the towers of the City of Havnor, and a king still ruled there; the banners were those of captured towns and isles, and the king was the warlord Losen. Losen never left the marble palace where he sat all day, served by slaves, seeing the shadow of the sword of Erreth-Akbe slip like the shadow of a great sundial across the roofs below. He gave orders, and the slaves said, "It is done, your majesty." He held audiences, and old men came and said, "We obey, your majesty." He summoned his wizards, and the mage Early came, bowing low. "Make me walk!" Losen shouted, beating his paralyzed legs with his weak hands..offer, which would have been natural, perhaps, but painful to the father, the owl who had --.the streams at Iria, and she had hated the sea, heaving grey and cold, but this quick water.Medra stood silent. He saw her more clearly than he had."Once in his lifetime, if he's lucky, a wizard finds somebody he can talk to." Nemmerle had said that to Dulse a night or two before he left Roke, a year or two before Nemmerle was chosen Archmage. He had been the Master Patterner and the kindest of all Dulse's teachers at the School. The dogs were leaping and snapping at his own legs now, and he was about to.saw where Yaved was. It was the place where the ridges parted, just inland from Gont Port; the."Stop destroying your head," Rose told him..It was Golden's grandest party yet, with a dancing floor built on the town green down the way from Golden's house, and a tent for the old folks to eat and drink and gossip in, and new clothes for the children, and jugglers and puppeteers, some of them hired and some of them coming by to pick up whatever they could in the way of coppers and free beer. Any festivity drew itinerant entertainers and musicians it was their living, and though uninvited they were welcomed. A tale-singer with a droning voice and a droning bagpipe was singing The Deed of the Dragonlord to a group of people under the big oak on the hilltop. When Tarry's band of harp, fife, viol, and drum took time off for a breather and a swig, a new group hopped up onto the dance floor. "Hey, there's Labby's band!" cried the pretty girl nearest Diamond. "Come on, they're the best!"..said, and Azver nodded..the west of the world here for one of your dad's parties..about them made him pause at the window on the stairs landing and watch them. He slogged back up the path through the reeds till he reached dry ground and coarse grass, and heard the buzz of midges and crickets. He sat down then on the ground, rather hard, for his legs were shaking.."I don't live in this House. In any house," the Patterner said. "I live there. The Grove - ah," he said, turning suddenly. The big, white-haired man, Kurremkarmerruk the Namer, was standing just down the path. He had not been standing there until the other mage said 'Ah.'" Irian stared from one to the other in blank bewilderment..piratic warlords, all trying to increase their wealth and extend or defend their borders. Trade."Let me in, mother," he whispered in the tongue that was as old as the hill. The ground shivered a little and opened..Next day he had Licky send him the boy. He looked forward to seeing him, to being kind to him, teaching him, petting him a bit as he had done yesterday. He sat down with him in the sun. Gelluk was fond of children and animals. He liked all beautiful things. It was pleasant to have a young creature about. Otter's uncomprehending awe was endearing, as was his uncomprehended strength. Slaves were wearisome with their weakness and trickery and their ugly, sick bodies. Of course Otter was his slave, but the boy need not know it. They could be teacher and apprentice. But apprentices were faithless, Gelluk thought, reminded of his apprentice Early, too clever by half, whom he must remember to control more strictly. Father and son, that's what he and Otter could be. He would have the boy call him Father. He recalled that he had intended to find out his true name. There were various ways of doing it, but the simplest, since the boy was already under his control, was to ask him. "What is your name?" he said, watching Otter intently..I was attracted to an avenue of elongated lights. On the transparent stone of the ceilings..He came up on deck again. It was clearing, and as the sun set the clouds broke all across the west, showing a golden sky behind the high dark curve of a hill..they held their land and people with firm hands, putting their gains back into the land, upholding..raiders came from Wathort. Their mother hid them in a root cellar of the farm and then used her.THEIR MEETING PLACE was in the shallows, the willow thickets down by the Amia as it ran below the smithy. As soon as Rose got there, Diamond said, "He wants me to go study with Master Hemlock! What am I going to do?"."On Havnor," he said," far from Roke, in a village on Mount Onn, among people who know nothing of the world, there are still women of the Hand. That net hasn't broken after so many years. How was it woven?"..she slid down in his arms. He tried to keep her head at least from the mud of the track. Her limbs..She slid out of her clothes, the man's breeches and shirt that were all she had, and slipped naked.(From her it passed through her descendants for over five hundred years to the last heirs of..poisoned. When Berry went out again, the woman came closer and said, resolute, in a low voice..II. Ivory."There are. Where are you from?"..Nine Masters only the Patterner and the Doorkeeper protested; they were overruled. For more than."I don't see why," she said. "My mother can cure a fever and ease a childbirth and find a lost ring, maybe that's nothing compared to what the wizards and the dragonlords can do, but it's not nothing, all the same. And she didn't give up anything for it. Having me didn't stop her. She had me so that she could learn how to do it! Just because I learned how to play music from you, did I have to give up saying spells? I can bring a fever down now too. Why should you have to stop doing one thing so you can do the other?"..between the roots of a big old tree, he found himself a place not far away to sit; and as she."At least he's not seeing the witch's girl," said Golden. "That's done with." Later on it occurred..He broke free, stood up, stooping; neither of them could stand straight in the low cabin..sprang up out of it and ran across the wizard's feet.."I think I've found my little finder," said Gelluk. His voice was deep and soft, like the notes of a viol. "Sleeping in the sunshine, like one whose work has been well done. So you've sent them digging for the Red Mother, have you? Did you know the Red Mother before you came here? Are you a courtier of the King? Here, now, there's no need for ropes and knots." Where he stood, with a flick of his finger, he untied Otter's wrists, and the gagging kerchief fell loose..here. To take the girl. To send her away." He stood and drew breath. "The Doorkeeper was speaking..The winter passed by, and the cold early spring, and with the warm late spring came a letter from his mother, brought by a carter. Diamond read it and took it to Master Hemlock, saying, "My mother wonders if I might spend a month at home this summer."..They were both shy. When Medra took her hand his hand shook, and Ember, whose name was Elehal..,was gone, and there was nothing there but the woman standing on the hill path and the tall man."How do you do that?" she asked..They worked and taught in the Great House. They saw it go up stone on stone, every stone steeped..shorter woman looked with her fierce eyes at Medra. "Stay if you will," she said..He said nothing. In fact he was at a loss. If he had known it would be this easy, he could have..purple, brown, and violet shapes, unlike anything I knew, like abstract sculptures come to life..because after all they had been friends, companions, and he had done all this for her. "Courage!"..He must prove to her and himself that his dreams were meaningless..They call this the Otter's House," he said. "Very old. As old as the Great House. Everything is..And the boy must have a staff. Why had Nemmerle let him leave Roke without one, empty-handed as a..him with her snout..He had forced them to boil any water they used. Now he said, "If you eat that meat, in a year..The Kargish kingship, however, was already being manipulated by the high priests of the Twin Gods. Thoreg's high priest, Intathin, opposing any truce or settlement, challenged Erreth-Akbe to a duel in magic. Since the Kargs did not practice wizardry as the Hardic peoples understood it, Intathin must have inveigled Erreth-Akbe into a place where the Old Powers of the earth would nullify his powers. The Hardic Deed of Erreth-Akbe speaks only of the hero and the high priest "wrestling," until..raised both his arms outward and up, very slowly but steadily, unstayed by anything the other man..Indeed Otter was unsure whether the wizard meant the pirate or the quicksilver, but he risked a
