

SERIES 99 FINRA OPERATIONS PROFESSIONAL QUALIFICATION EXAMINATION

As she struggled to cope with her loss, the last thing Agnes needed was the reminder posed by that empty chair. Maria's intentions were good, however, and Agnes didn't want to hurt her feelings..The longer they were required to lie low in fear, the more likely Celestina would be to cast caution aside and return to Pacific Heights, Tom knew her well enough to be sure that she was a fighter rather than a runner. Being in hiding frustrated her. Day by day, hour by hour, with no target date for resuming a normal life, she would quickly lose patience. Rubbed raw, her dignity and sense of justice would compel her to act-perhaps more out of emotion than out of reason.. "Too bad. You might have used that to bargain with." When she turned to him again, he had already slipped into his jacket and snatched the car keys off the foyer table. He put his left hand under her right arm, as though Agnes were feeble and in need of sup-.The 9-mm pistol rested in the complementary shoulder holster, under Junior's leather coat. But the sound-suppressor hadn't been attached; it was in one of his coat pockets. The extended barrel, too long to lay comfortably against his left side, would most likely have hung up on the holster when drawn..The guy was carrying a purse, whatever that meant, and when he walked through the door, he had a goofy look on his face, but his expression changed when he saw Junior..Neddy occupied the entire spacious fourth floor of the house. The third and second floors were each divided into two apartments, the ground floor into four studio units, all of which he rented out..against the operating table. The lights had grown painfully bright, and the air had. "I'm sure you would be, yes, but I'm afraid I don't have the patience to teach, I'm a performer, not an instructor. I suppose I could give you the name of a good teacher." "I've got hundreds of files on cases like that," said Jacob, "and much worse. If you're interested, I'll get you copies of some." The night was in flight, however, and he had a lot to do before it swooped straight into morning..The word diarrhea was inadequate to describe this affliction. In spite of the books he'd read to improve his vocabulary, Junior could not think of any word sufficiently descriptive and powerful enough to convey his misery and the hideousness of his ordeal..Suitcases seemed to be missing. Some clothes, as well. Could mean a weekend vacation..Ashamed and scared, she told no one. Although a victim, she blamed herself, and the prospect of being exposed to ridicule so horrified her that despair got the better of good judgment..He said, "There's a whiteness in Barty's right pupil ... which I think indicates a growth. The distortions in his vision are still there, though somewhat different, when he closes his right eye, so that indicates a problem in the left, as well, even though I'm not able to see anything there. Dr. Chan has a full schedule tomorrow, but as a favor to me, he's going to see you before his usual office hours, first thing in the morning. You'll have to start out early." He remembered standing in the cemetery, downhill from Seraphim's grave-although at the time he'd known only that it was a Negro being buried, not that it was his former lover-and thinking that the rains would over time carry the juices of the decomposing Negro corpse into the lower grave that contained Naomi's remains. Had that been a half-psyhic moment on his part, a dim awareness that another and far more dangerous connection between dead Naomi and dead Seraphim had already been formed?.In the main room, on his way toward the front door, Junior saw Celestina White surrounded by adoring fatheads, nattering ninnies, dithering dolts, saps and boneheads, oafs and gawks and simpletons. She was still as gorgeous as her shamelessly beautiful paintings. If the opportunity arose, Junior would have more use for her than for her so called art..White's paintings, which Junior found naive, dull, and insipid in the extreme. She imbued her work with all the qualities that real artists disdained: realistic detail, storytelling, beauty, optimism, and even charm..They were inseparable, her son and this cherished girl, as they had been virtually since the moment they had met, more than six years ago. The special perception that they shared--all the ways things are-accounted for part of their closeness, but only part. The bond between them was so deep that it defied understanding, as mysterious as the concept of the Trinity, three gods in one..From the door to the sink, nervously fishing a plastic pharmacy bottle out of a coat pocket, Junior counseled himself to remain calm. Slow deep breaths. What's done is done. Live in the future. Act, don't react. Focus. Look for the bright side..This wasn't the same Enoch Cain whom Vanadium had known three years ago in Spruce Hills. That man had been utterly ruthless but not a wild, raging animal, coldly determined but never obsessive. That Cain had been too calculating and too self-controlled to have been swept into the emotional frenzy required to produce this blood graffiti and to act out the symbolic mutilation of Bartholomew with a knife..Instinct, even reason, told him that some connection existed between this person, this Bartholomew, and Celestina. The name had terrified Cain in a bad dream, the very night of the day that he'd killed Naomi, and Vanadium therefore had incorporated it into his psychological-warfare strategy without knowing its significance to his suspect. As strongly as he sensed the connection, he couldn't find the link. He lacked some crucial bit of information..Abruptly alert, sitting up on the edge of the bed, Celestina knew the caller could not be the comatose old woman, so she said angrily, "Who the hell is this?" "Sometimes she wrote little paragraphs to God, very touching and humble notes of gratitude, thanking Him for bringing you into her life." Even Barty seemed to be attentive, but Angel happily applied crayons to a coloring book and hummed softly to herself.. "Not so unbelievable," said Jacob. "Forty-five thousand people every year die in automobiles. Cars aren't transportation. They're death machines. Tens of thousands are disfigured, maimed for life." With the salt and pepper shakers, Tom walked them through the why-I'm-not-sad-about-my-face explanation that he'd given to Angel ten days previously..Turning around in his seat, watching with amusement as Celestina fumbled nervously with the currency, the cabbie said, "You're not scared, not you. Sitting back there so silent most all the way, you weren't thinking about being famous. You were thinking about that girl of yours." THIS IS THE FIRST PAGE of the Book of the Dark, written some six hundred years ago in Berila, on Enlad: Junior's attorney-Simon Magusson--insisted upon full disclosure of maintenance records and advisories relating to the fire tower and to other forest-service structures for which the state and the county

had sole or joint custodial responsibility. If a wrongful--death suit was filed, this information would have to be divulged anyway during normal disclosure procedures prior to trial, and since maintenance logs and advisories were of public record, Hisscus and Knacker and Nork agreed to provide what was requested..For more than two weeks, Agnes's heart had been a clangorous place, filled with the rattle and bang of hard emotions, but now a sort of quiet had come upon it, a peace that, if it held, might one day allow joy again..Among those present before the caravan returned were a few who should have known better than to allow this madness. Tom Vanadium, Edom, Maria. They stared up at the boy, tense and solemn, and Agnes could only suppose that they, too, had arrived after the fact, with the boy already beyond easy recall..At 3:31 A.M., even the early-winter dawn wasn't near, yet Junior was too awake to return to bed. Though sweet, though melancholy, never ominous, the ghostly singing had left him feeling ... threatened. He considered taking a shower and getting an early start on the day. But he kept remembering Psycho: Anthony Perkins dressed in women's clothes and wielding a butcher knife.. "With this money, you won't have to cut back on the number of pies you give away--and all of that." A door slammed, and after the briefest of internal debates about whether to ize or act, Junior left Ichabod straddling the threshold. He must get to Celestina before she reached a telephone, and then he could come back and finish moving the body..Instruction in Braille wasn't recommended for three-year-olds, but an exception was made in this case. Agnes arranged to have Barty receive a series of lessons, although she suspected that he'd absorb the system and learn to use it in one or two sessions..A quick review of these book spines revealed that the treasured Zedd collection wasn't here..This analgesic was among several prescription substances that he had stolen, over time, from the drug locker at the rehab hospital where he once worked. Some he had sold; these he had retained..The formless apprehension with which she had awakened at 1:50, Tuesday morning, had returned to her from time to time during the past couple days. Now, here it came again, pinching her throat and tightening her chest--at last beginning to take form..More likely than not, Victoria spoke directly to the maniac detective. Even if she reported her sordid fabrications to another officer, it would have gotten back to Vanadium, and the cop would have sought her out at once to hear her filth firsthand, whereupon she would have enhanced her story until it sounded as though Junior had grabbed her knockers and had tried to shove his tongue down her throat..Indeed, subconsciously, she had known that Nella was gone since receiving the call at 4:15 this morning. When the old woman had finished what she needed to say, the silence on the line had been eerily perfect, without one crackle of static or electronic murmur, unlike anything Celestina had ever heard on a telephone before.. "No, that's not necessary," Junior said, trying to sound casual. "Considering what you told me, I'm sure whoever's bothering me here can't be Vanadium. I mean, him being on the run, with plenty of his own troubles, the last thing he'd do is follow me here just to screw with my head a little." "Then I'll attend to everything right away," the doctor said, reaching for the privacy curtain that surrounded the ER bed..For a while he enjoyed being challenged to figure the number of seconds elapsed since a particular historical event. Given the date, he did the calculations in his head, providing a correct answer in as little as twenty seconds, rarely taking more than a minute..Junior intended to add one stocky ghost to the party. Perhaps on a summer night in years to come, at the edge of the light fall from his Coleman lantern, a fisherman would see a semitransparent Vanadium providing entertainment with an ethereal quarter..Barty, she explained, would be rich in many ways. Financially rich, but also rich in talent, in spirit, intellect. Rich in courage, honor. With a wealth of common sense, good judgment, and luck..JUNIOR CAIN WANDERED among the Philistines, in the gray land of conformity, seeking one--just one--refreshingly repellent canvas, finding only images that welcomed and even charmed, yearning for real art and the vicious emotional whirlpool of despair and disgust that it evoked, finding instead only themes of uplift and images of hope, surrounded by people who seemed to like everything from the paintings to the canapes to the cold January night, people who probably hadn't spent even one day of their lives brooding about the inevitability of nuclear annihilation before the end of this decade, people who smiled too much to be genuine intellectuals, and he felt more alone and threatened than eyeless Samson chained in Gaza..The January air was crisp, fragrant with evergreens and with the faint salty scent of the distant sea. A curiously yellow moon glowered like a malevolent eye, studying him from between ragged ravelings of dirty clouds..because the car was either struck again by the pickup or hit by other traffic or perhaps it collided with a parked vehicle, but whatever the cause, the breath was knocked out of her, and her screams became ragged gasps..As home tours went, this one was notably less interesting than most. The accountant appeared to have no secret life, no perverse interests that he hid from the world..Now, since he didn't intend to date this woman again, he grabbed the only chance he might ever have to learn the intimate, eccentric details of her life. He began in her kitchen, with the contents of the refrigerator and cupboards, concluding his tour in her bedroom..When the waiter had gone, --Tom said, "Don't worry about abetting a crime. If I had to pop Cain to prevent him from hurting someone, I wouldn't hesitate. But I'd never act as judge and jury otherwise." The hardest was being in this room at the very moment when Phimie had moved on. Celestina knew beyond doubt that this was the worst thing she would have to endure in all her life, worse than her own death when it came..Junior couldn't see the lights of the nearest other houses. Either those structures were screened by trees or the neighbors weren't home.. "We've mapped three routes to the top," Angel said, "and each offers different challenges. Barty's eventually going to climb all of them, but he's starting with the hardest." When he passed by his own lunch plate on the counter and again saw the quarter gleaming in the cheese, he spat out a curse..Phimie must be honored now with laughter instead of with tears, because her life had left Celestina with so many memories of joy and with joy personified in Angel. To fend off tears, she said, "Listen, Clark Kent, we women need our little secrets, our private thoughts. If you can really read my heart this easily, I guess I'm going to have to start wearing lead brassieres." Shaking off this peculiar case of the spooks, Barty proceeded toward the stairs. Just when he reached the newel post, he heard the faint creak of the marker floorboard behind him..Eventually she discovered

within herself all the light that she needed to find her way through the crucial hours immediately ahead. At last she knew what she must do, but she was not certain that she possessed the fortitude to do it..At many houses, strings of Christmas lights painted patterns of color at the eaves, around the window frames, and along the porch railings-all so blurred by fog that Junior seemed to be moving through a dreamscape with Japanese lanterns..Certain that he was overreacting, Tom nevertheless left the kitchen as a cop, not a priest, would leave it: staying low, knife thrust in front of him, clearing the doorframe fast..Kathleen had never heard a religious calling described in such odd words as these, and she was surprised, indeed, to hear a priest refer to God as "strange"..Dr. Lipscomb brought his hands to his face, covering his nose and mouth as earlier they had been covered with a surgical mask, as though he were in danger of drawing in, with his breath, an idea that would forever change him..Tongue clamped between his teeth as he concentrated on keeping the blue crayon within the lines of the bunny, Barty nodded. "Yeah..""You should call San Francisco police, have them put your place under surveillance and nail him if he turns up.".This was a good night for television. To Tell the Truth at seven-thirty, followed by I've Got a Secret, The Lucy Show, and The Andy Griffith Show. The new Lucy wasn't quite as good as the old show; Paul and Perri missed Desi Arnaz and William Frawley..He smiled ruefully. "Might be ready for a wedding by then, but not a honeymoon..""Do you want me to call and confirm how Vanadium was harassing you up here?"" asked Magusson..The upper shelf of the closet held boxes and two inexpensive suitcases: pressboard laminated with green vinyl. He took down the suitcases and put them on the bed..Like autumn-red ivy, lushly leafed vines of flame crawled up the house. The porch under them was ablaze, as well. Shingles smoldered beneath their feet, and flames ringed the roof on which they stood..Concerned that Junior's crying jag would trigger spasms of the abdominal muscles and ultimately another attack of hemorrhagic vomiting, the nurse had with her a tranquilizer. She wanted him to use the apple juice to wash down the pill..He opened the solid doors on the bottom of the breakfront, did not find what he was looking for, checked in the sideboard next, and there it was, a small liquor supply. Scotch, gin, vodka. He selected a full bottle of vodka..Her lead gaze was still surprisingly clear. How remarkable that the impact hadn't caused a starburst hemorrhage in either of her exquisite, lavender-blue eyes. No blood, lust surprise..Kathleen savored her martini. "Mmmm ... as cold as a hit man's heart and as crisp as a hundred-dollar bill from the devil's wallet..".To his room then, where they sat side by side in bed, a plate of chocolate-chip cookies between them. Through the evening, they stepped off this earth and out of all its troubles, into a world of adventure, where friendship and loyalty and courage and honor could deal with any malignancy..Harmonizing with Diana Ross, Mary Wilson, and Florence Ballard, he drove to the granite quarry three miles beyond the town limits..Cain turned the pistol on Barty, but when Tom charged, Cain swung toward him once more. The round that he fired would have been acrippler, maybe a killer, except that Angel launched herself off the window seat behind Cain and gave him a hard shove, spoiling his aim. The killer stumbled and then shimmered..Magically, a shiny quarter appeared in Thomas Vanadium's right hand. It turned end over end, knuckle to knuckle, disappeared between thumb and forefinger, and reappeared at the little finger, beginning its cross-hand journey once more..An SFPD patrol car swept past, its siren silent, the rack of emergency beacons flashing on its roof..""Seems like," Vanadium agreed. "So a man like Cain obsesses on one thing after another-sex, money, food, power, drugs, alcohol, anything that seems to give meaning to his days, but that requires no real self-discovery or self-sacrifice. Briefly, he feels complete. However, there's no substance to what he's filled himself with, so it soon evaporates, and then he's empty again..".Fear of the unknown is a weakness, for it presumes dimensions to life beyond human control. Zedd teaches that nothing is beyond our control, that nature is just a mindlessly grinding machine with no more mysteries in it than we will find in applesauce..On Tuesday, January 2, Junior met with the drug dealer who had introduced him to Google, the document forger, and he arranged to purchase a 9-mm handgun with custom-machined silencer..The weather was good, so he went for a walk, though he crossed the street repeatedly to avoid passing newspaper-vending machines..Barty rode with his mother in her green Chevrolet station wagon. Because the cakes, pies, and gifts were too numerous to be contained in one vehicle, Edom followed them in his flashier yellow-and-white '54 Ford Country Squire..Startled, Celestina said, "Good grief, you're spooky. How could you know what I'm thinking?""."Yes. In syrup form. It's a good item for your home medicine chest, in case your child ever swallows poison and you need to purge it from him quickly..".This momentous day, he thought, and he shook with sudden terror at the inevitability of new beginnings..Perhaps hoping to discover which runaway freight train or exploding factory would smear him across the landscape, Jacob pushed aside his dessert plate and shuffled each deck separately, then shuffled them together until they were well mixed. He stacked them in front of Maria..A residual tension drained out of Junior. He was somewhat surprised that he had still been concerned about the song..Agnes's sharp intake of breath caused Edom to look up from his nephew's name. Pale, she was, her eyes as haunted as old mansions..ISBN 0-15-100561-3 I. Fantasy fiction, American, [I. Fantasy. 2. Short stories.] I. Title..Tom stared down into the oceanic depths of the city, through the reefs of buildings, to the lamp-fish cars schooling through the great trenches..After taking a minute to steel himself, Junior squatted next to the dead detective..Joey couldn't raise his head, couldn't turn more directly toward her ... because his spine had been damaged, perhaps severed, and he was paralyzed..The aging, fugitive Nazi had been replaced at the front desk by a woman with messily chopped blond hair, a brutish face, and arms that would dissuade Charles Atlas from challenging her. She changed a five-dollar bill into coins for the vending machines and snarled at him only once in strangely accented English..Junior didn't make the mistake of thinking that Magusson's new conciliatory attitude meant they were friends, that confidences could be shared or truths exchanged. The money-grubbing toad's only real friend would always be the one he saw in a mirror. If he discovered that Junior was having a great time post-Naomi, Magusson would store the information until he found a way to use it to his advantage..The night was holding its breath again, the previous breeze now pent up in the breast of

darkness..Now Junior threw back the covers and sprang out of bed. In double briefs, he restlessly roamed the hotel room..He wondered if the hawk had descended in a constricting gyre, justice coming down, but he could not lift his head to see..Barty, thirteen years old but listening to books at a postgraduate college level, had no doubt studied leukemia while they were awaiting the test results, to prepare himself to fully understand the diagnosis on first receiving it. He tried not to look stricken when he heard acute myeloblastic, which was the worst form of the disease, but he appeared more ghastly in his pretense than if he had revealed his understanding. Had his eyes not been artificial, his stiff-upper-lip pose would have been utterly unconvincing..One problem: Nolly Wulfstan, Quasimodo without a hump, probably repaired to this convenient club after work, to down a few beers, because this was surely as close as he would ever get to a halfway attractive woman. The detective would think that he and Junior were here for the same reason-to gawk at nearly naked babes and store up enough images of bobbling breasts to get through the night-and he would not be able to comprehend that for Junior the attraction was the dance, the intellectual thrill of experiencing a new cultural phenomenon..Not every coincidence, however, has meaning. Toss a quarter one million times, roughly half a million heads will turn up, roughly the same number of tails. In the process, there will be instances when heads turn up thirty, forty, a hundred times in a row. This does not mean that destiny is at work or that God-choosing to be not merely his usual mysterious self but utterly inscrutable-is warning of Armageddon through the medium of the quarter; it means the laws of probability hold true only in the long run, and that short-run anomalies are meaningful solely to the gullible..Shaking with a fear that had nothing to do with Junior Cain and flying bullets, or even with memories of Josef Krepp and his vile necklace, Tom Vanadium closed the sketch pad and put it on the window seat. He opened the window, and in rushed the susurration of breeze-stirred oak leaves..To his surprise, when Naomi expressed an interest in romance, Junior was a bull again. He would have thought he had left his best stuff at Reverend Harrison White's parsonage..Then Agnes said, "Well, it's clear to me that you won't be able to talk out your life in just one year. Should be a two-year grant.". When he reached the Suburban and closed his right hand around the handle on the driver's door, he felt something peculiar against his palm. A small, cold object balanced there..When he heard the snick of the lock being disengaged, he rammed into the men's room..Sobbing desperately, he dropped the telephone handset on the secretary, seized the dishtowel. He wrapped the cloth tightly around the shattered stump, applying pressure to diminish the bleeding.. "Bartholomew, huh?" asked Wally as he piloted them through banks of earthbound clouds..When Junior cut open a grapefruit for breakfast, he didn't find a quarter in it..Yet the most enduring relationship he had all year was with the ghostly singer. On February 18, he returned home in the afternoon, from a class in spirit channeling, and heard singing as he opened his front door. That same voice. And the same hateful song. As faint as before, repeatedly rising and falling..With the same surprising ease that she had gotten a plane out of San Francisco on a one-hour notice, Celestina booked two return seats on an early-evening flight from Oregon, as though she had a supernatural travel agent..Consequently, Edom was abroad in the land with pies and parcels, following a list of names and addresses provided by his sister, even though he believed an unprecedentedly violent earthquake, the fabled Big One, was likely to strike before noon, certainly before dinner. This was the last day of the rest of his life..Tommy James and the Shondells, good American boys, had a record farther down the charts-"Hanky Panky"-that Junior felt was better than the Beatles' tune. The failure of his countrymen to support homegrown talent aggravated him. The nation seemed eager to surrender its culture to foreigners..Immediately at the thought of regurgitation, his abdominal muscles contracted like those of a laboratory frog zapped by an electric current, and he choked on a rising horror..Sunday evening, here he was, cracking open four new decks, as if fresh cards might enable the magic to repeat..Junior Cain was committed to continuous self-improvement. He believed in the need constantly to expand his knowledge and horizons order to better understand himself and the world. The quality of life was solely the responsibility of oneself he author of How to Have a Healthier Life through Autohypnosis was Dr. Caesar Zedd, a renowned psychologist and best-selling author of a dozen self-help texts, all of which Junior owned in addition to the literature that he had acquired from the book club. When he had been only fourteen, he'd begun buying Dr. Zedd's titles in paperback, and by the time he was eighteen, when he could afford to do so, he'd replaced the paperbacks with hardcovers and thereafter bought all the doctor's new books in the higher-priced editions. The collected works.Clearly, the musician recognized him, which seemed unlikely, even extraordinary, considering that they'd never spoken to each other, and considering that Junior must be only one of thousands of customers who had passed through that lounge in the past three years..He lay still, waiting for silence to return, so he could hear whether the great gong had drawn people into the alley.. "Search me. But I didn't tell him different. The less he knows, the better. I can't figure his motivation, but if you were tracking this guy by his spoor, you'd want to look for the imprint of cloven hooves..". Halos and rainbows loomed in her memory, ominous as they had never been before..She sat at the kitchen table, staring at the glass. After a while she emptied it in the sink without having taken a sip..dropping on the conversation between Dr. Parkhurst and Vanadium, and later failing and respond to Vanadium's pointed accusations, his deception would inevitably be read as an admission of guilt in the murder.As he rose from his chair, Barty began to reacquaint himself with the feeling of all the ways things are, began to bend his mind around the loops and rolls and tucks of reality that he had perceived on the roller coaster that day, and by the time he had followed Angel and Tom to the bottom of the stairs and into the oak-shaded yard behind the house, the day faded into view for him..Grace and Celestina fell at once into the rhythms of kitchen work, not only brewing the coffee, but also helping Agnes with the pies..Junior had heard of this invention, but until now he'd never seen one. He supposed that an obsessive like Vanadium might go to any lengths, including this exotic technology, to avoid missing an important call.. "Sulk away," the man said. "If you don't like this work, there's always the roaster..". "Crafty men" is what they called wizards in those days.. "Maybe because we didn't want to be called witches," said Obadiah with a smile,

"and give folks one more reason to hang us." Possible complications include cerebral hemorrhage, pulmonary edema, kidney failure, necrosis of the liver, coma-to name a few." Leashed like a dog, he walked along, sullen and shivering with sickness and rage. He stared around him, seeing the stone tower, stacks of wood by its wide doorway, rusty wheels and machines by a pit, great heaps of gravel and clay. Turning his sore head made him dizzy. If he woke, however, and saw her sitting vigil, Barty would understand how terrible his condition might be. The stumpy ghost departed the sliding stairs at the second floor and walked off into women's sportswear. Holding the pistol, fully extending his right arm in execution style, the gunman approached the fallen minister. Dining room. Two place settings at one end of the table. Wineglasses. Two ornate pewter candlesticks, candles not yet lit. On Friday evening, he had arranged for the drawing of the aces, but he had not stacked the subsequent twelve cards to provide for the selection of four identical knaves at three-card intervals. He'd sat in stunned
