She smelled like sunshine. look for some mechanism the bug could use to steal energy from the rotating gears in the whirligigs? There were whirligigs in the second patch, but they lacked the variety and disorder of the originals. They were of nearly uniform size, about four meters tall, and all the same color, a dark purple. They had pumped water for two weeks, then stopped. When Song examined them, she reported the bearings were frozen, dried out They seemed to have lost the plasticizer that kept the structures fluid and living. The water in the pipes was frozen. Though she would not commit herself in the matter, she felt they were dead. In their place was a second network of pipes which wound around the derricks and spread transparent sheets of film to the sunlight, heating the water which circulated through them. The water was being pumped, but not by the now-familiar system of windmills. Spaced along each of the pipes were expansion-contraction pumps with valves very like those in a human heart. No sweat. That was a laugh. All he'd done since he got here was sweat. Patrolling the plantation at. out a deck of cards. for that, the closet was bare. The bathroom contained nothing out of the ordinary? just about the same. "Was Detweiler a hustler?" I lit a cigarette and leaned back in the swivel chair. The whole thing was spinning around in my head. I'd found a pattern for the victims, but I didn't know if it was the pattern. It just didn't make sense. Maybe Detweiler was a vampire. have no hotels or public transportation and the cabletrain from Gateside is the only way in, aside from. Somebody would die tomorrow and Andrew Detweiler would be dose-by. When Westland came charging back into my office an hour later, he found the Admiral hammering at my console keys and shouting his best Navy profanity at the Zorphs who had just zapped him for fifteen-hundred energy units. I expected to find her herself, yesterday already forgotten, but she still sounded anxious. "Matthew, can you come up?". So I told her. "Come on," said Amos, "just a little way. . .". I am also enclosing the rules for Two-Person Zorphwar, a version of the system that Hazeldorf has just completed. Up until now, play of-Zorphwar has been possible only against a set of Zorph warships under the unimaginative control of the computer. With the two-person game, one player commands the Avenger while the other commands the Zorph fleet. The player terminals may be anywhere, as long as they are connected to our central computer. Thus, one player could be out there in California and the other back here in New York. "Did you look at where the pieces were hidden?" asked Jack. McCranie sounded puzzled. "Is anything the matter?"
