

# ATURE COLLECTOR A GUIDE FOR THE AMATEUR COLLECTOR OF PORTRAIT MIN

Traumatized by the violence in her mother's bedroom, not fully aware of what happened to Wally, Angel had been tearful and anxious. A thoughtful physician gave her a glass of orange juice spiked with a small dose of a sedative, and a nurse provided pillows. Bedded down on two pillow-padded chairs, wearing a rose-colored robe over yellow pajamas, she gave herself as fully to sleep as she always did, sedative or not, which was every bit as fully as she gave herself to life when she was awake. "No. The information I gave you came from the coroner's office, which issued the death certificate. But even if I got into St. Mary's records, there wouldn't be a hint of where Catholic Family Services placed this baby." Celebration of course, would lead to incarceration and perhaps to electrocution. With Vanadium, the maniac cop, likely to be found lurking under the bed or masquerading as a nurse to catch him in an unguarded moment, Junior had to recover at a pace that his physician would not find miraculous. Dr. Parkhurst expected to discharge him no sooner than the following morning. Frowning, Agnes said. "Yes, those stories. Sweetie, when Uncle Edom and Uncle Jacob go on about big storms blowing people away and explosions blowing people up ... that's not what life's about." "Both. Brain and heart. But I've thought it through, Daddy. More than anything in my life, I've thought this through." He arrived at the open door, grinning. No Cheshire-cat grin, hanging disembodied on the air, teeth without tabby. Grin with full Barty. "Other Bartys and other Agneses in other houses like this-all here together now." he had sat here with a pencil, making shopping lists. Now, instead of a pencil, there was the Italian-made .22 pistol. Junior kept both forged driver's licenses in his wallet, in addition to the one that featured his real name. He stowed everything else in Pinchbeck's and Gammoner's safe-deposit boxes, along with the emergency cash. The sirens shrieked so loud that he felt a sympathetic vibration in his dental fillings, and with a sharp cry of brakes, a great red truck turned the corner, at once followed by a second. When Junior walked the cracked-linoleum corridor and descended the six flights of stairs to the street, he discovered that a thin drizzle was falling. The afternoon grew darker even as he turned his face to the sky, and the cold, dripping city, which swaddled Bartholomew somewhere in its concrete folds, appeared not to be a beacon of culture and sophistication anymore, but a forbidding and dangerous empire, as it had never seemed to him before. He had been thankful that during the long trance, he hadn't wet himself. Now he would gladly have accepted any amount of humiliation rather than suffer these vicious cramps. Finding nothing more of interest in the study, he considered searching the rest of the house. Junior in the fog. Trying oh-so-hard to live in the future, where the winners live. But being relentlessly sucked back into the useless past by memory. "It seems it was his own idea, your majesty." Junior joined the throngs, although he had no gift list or feeling for the season. He just needed to get out of his apartment, because he was convinced that the phantom singer would soon serenade him again. "Science. Quantum mechanics. Which is a theory ... of physics. But by theory, I don't mean just wild speculation. Quantum mechanics works. It underlies the invention of television. Before the end of this century, perhaps even by the '80s, quantum-based technology will give us powerful and cheap computers in our homes, computers as small as briefcases, as small as a wallet, a wristwatch, that can do more and far faster data processing than any of the giant lumbering computers we know today. Computers as tiny as a postage stamp. We'll have wireless telephones you can carry anywhere. Eventually, it will be possible to construct single-molecule computers of enormous power, and then technology-in fact, all human society-will change almost beyond comprehension, and for the better." Junior had almost fumbled his fork when he recognized the tune. His heart raced. His hands were suddenly clammy. People like Enoch Cain, of course, never choose between the right and the wrong thing, but between two evils. For themselves, they create world after world of despair. For others, they make worlds of pain. The mound of earth beside the grave had been disguised by piles of flowers and cut ferns. The suspended casket was skirted with black material to conceal the yawning grave beneath. At last, as the sun slowly set, he arrived at the highest of the high redoubts, beyond which the branches were too young and too weak to support him farther. Against a sky red enough to delight the most sullen sailors, he rose and stood in a final crook of limbs, pressing his left hand against a balancing branch, right hand planted cockily on his hip, lord of his domain, having kicked off the trammels of darkness and fashioned from them a ladder. The apartment had been furnished with only two padded folding chairs and a bare mattress in the living room. The mattress was on the floor, without benefit of a bed frame or box springs. But first, in early July, he stopped taking French lessons. It was an impossible language. Difficult to pronounce. Ridiculous sentence constructions. Anyway, none of the good-looking women he met spoke French or cared whether he did. "If you ranted at him about earthquakes, tornadoes, erupting volcanoes, and all that stuff, how could he mistake you for me?" "Maria brought that from Mexico," Barty said. "She thought it was pretty funny. So do I. It's a hoot. Mom says it isn't really blasphemous, because it wasn't meant to be by the people who made it, and because Jesus would want you to have cookies, and, besides, it reminds us to be thankful for all the good things we get." Abruptly, without a cannonade of thunder, without artillery strikes of lightning, the storm broke. As loud as marching armies, rain tramped across the roof. In the main room, on his way toward the front door, Junior saw Celestina White surrounded by adoring fatheads, nattering ninnies, dithering dolts, saps and boneheads, oafs and gawks and simpletons. She was still as gorgeous as her shamelessly beautiful paintings. If the opportunity arose, Junior would have more use for her than for her so called art. With the infant in her arms, the heavyset nurse pressed in beside Celestina, who. The blinds were raised, the windows bare. Usually, she liked the smoky, reddish-gold glow of the city at night, but this once it made her uneasy. "I believe I'll just wait here until Mr. Cain wakes," Vanadium said. "I've nothing more pressing to do." MONEY FOR THE DEAD. The decomposing flesh of a beloved wife and an unborn baby transmuted into a fortune was an achievement that put to shame the alchemists' dreams of turning lead to gold. The study was the size of a

bathroom. The cramped space barely allowed for a battered pine desk, a chair, and one filing cabinet.. "Yes. Sodium chloride will work, too. Common salt. Mix enough of it with water, and it's generally effective."..after he is rolled onto his back by his father, now, here, roses by the fistful jammed in his face, crushed and ground..For a while, Junior profited enormously from Tammy's investment advice, and the sex was great. As a thank-you for the hefty trading commissions she earned-and not incidentally for all the orgasms-Tammy gave him a Rolex. He didn't mind her four cats, didn't even care when the four grew to six, then to eight.. "But let's pretend it's me, okay? So here I am, stepping off the curb without looking both ways-".The stumpy ghost departed the sliding stairs at the second floor and walked off into women's sportswear.. "You mean it's like with you in the kitchen, but not if you go into the living room? Your cold has a mind of its own?".As the storm failed to dampen Joey, so the rotating red-and-white beacons on the surrounding police vehicles did not touch him. The.greatest fright of his life. He jumped inside his skin, and his heart knocked, knocked, and he half expected to hear his bones rattle one against another, like those of a dangling skeleton in a funhouse..Grace, Celestina, and Paul expressed amusement and amazement at Angel's critical judgment..Memory of the Spartan decor of Thomas Vanadium's house lingered with Junior, and he addressed his living space with the detective's style in mind. He installed a minimum of furniture, though all new and of higher quality than the junk in Vanadium's residence: sleek, modem, Danish-pecan wood and nappy oatmeal-colored upholstery..And had Phimie, retrieved from death by the resuscitation procedures of the surgical team, repaid Nella's kindness with her own stunning message to Lipscomb?.Then from San Francisco International, through the fog-shrouded streets of the night city, to St. Mary's, to Room 724. And to the discovery that Phimie's blood pressure was so high-210 over 126-that she was in a hypertensive crisis, at risk of a stroke, renal failure, and other life-threatening complications..Suddenly she realized-Good Lord!-that someone else had a had inside her, up the very center of her, massaging her uterus in the same lazy pattern as that made by the piece of melting ice on her belly..The house was hers, free and clear of mortgages. There were two savings accounts to which Joey had diligently made deposits weekly through nine years of marriage..He rode up to the third of five floors in the service elevator, which other tenants were permitted to use only when moving in or moving out, or when taking delivery of large items of furniture. Another elevator, at the front of the building, was too public to suit his purposes..Barty never cried. In the hospital neonatal unit, he'd been a marvel to the nurses, because when the other newborns were squalling in chorus, Barty had been unfailingly serene..They didn't mind, and down they went in a controlled descent that was nevertheless too quick for Agnes..Agnes hadn't asked him to keep his strange feat a secret from his uncles. In truth, she had come home in such a curious state of mind that even as she'd worked with Jacob to prepare dinner and even as she'd overseen Edom's setting of the table, she hesitated to tell them what had happened on the run from Joey's grave to the station wagon. She fluctuated between guarded euphoria and fear bordering on panic, and she didn't trust herself to recount the experience until she had taken more time to absorb it..Suddenly and seriously creeped out, Junior wanted to get away from this nut case. Yet he was frozen by morbid fascination..Wonderful. Oh, perfect. So Neddy, a friend of Celestina's, knew that Junior, reputed to be a vicious sadist, had attended this reception under a false name. If Junior really was a sleazy pervert of such rococo tastes that he would be shunned even by the scum of the world, even by the deranged mutant offspring of a self-breeding hermaphrodite, then surely he was capable of murder, too..Although she would have felt ridiculous phrasing this question in these words to any other three-year-old, no better way existed to ask it of her special son: "Kiddo ... do you realize you're speaking of your dad in the present tense?".Sometimes, while shaving or combing his hair, as he was looking in the bathroom or foyer mirror, Junior thought that he glimpsed a presence, dark and vaporous, less substantial than smoke, standing or moving behind him. At other times, this entity seemed to be within the mirror. He couldn't focus on it, study it, because the moment he became aware of the presence, it was gone..Ten months later, Simon called again, also regarding Cain, but this time the attorney was the client, and Cain was the target. What Simon wanted Nolly to do was strange, to say the least, and it could be construed as harassment, but none of it was exactly illegal. And for two years, beginning with the quarter in the cheeseburger, ending with the coin-spitting machines, all of it had been great fun..The upper end of the bed was elevated. Otherwise, Agnes would not have been able to see the room, for she was too weak to raise her head from the pillows..This is a tale of those times. Some of it is taken from the Book of the Dark, and some comes from Havnor, from the upland farms of Onn and the woodlands of Faliern. A story may be pieced together from such scraps and fragments, and though it will be an airy quilt, half made of hearsay and half of guesswork, yet it may be true enough. It's a tale of the Founding of Roke, and if the Masters of Roke say it didn't happen so, let them tell us how it happened otherwise. For a cloud hangs over the time when Roke first became the Isle of the Wise, and it may be that the wise men put it there..Wally Lipscomb's face, as long and narrow as ever, seemed not at all like the dour visage of an undertaker, as once it had, but rather like the rubbery mug of one of those circus clowns who can make you laugh as easily by striking an exaggeratedly sad frown as by putting on a goofy grin. She saw a warmth of spirit where once she had seen spiritual indifference, vulnerability where once she had seen an armored heart, great expectations where once she had seen withered hope; she saw kindness and gentleness where they had always been but now in more generous measure than before. She loved this long, narrow, homely, wonderful face, and she loved the man who wore it..At those cutting-edge galleries where he attended receptions, no one got in without a printed invitation. And even with the authentic paper in hand, you might still be refused entry if you failed to pass the cool test. The criteria of cool were the same as at the current hottest dance clubs, and in fact the bouncers controlling the gate at the finest avant-garde galleries were those who worked the clubs..Friday night, mystified and troubled, he hadn't slept much, and each time that he dozed off, he had dreamed of being alone in a bosky woods, stalked by a sinister presence, unseen but undeniable. This predator crept in silence through the underbrush, indistinguishable from

the lowering trees among which it glided, as fluid and as cold as moonlight, but darker than the night, gaining on him relentlessly. Each time that he sensed it springing toward him for the kill, Jacob woke, once with Barty's name on his lips, calling out to the boy as though in warning, and once with two words: the knave. . . .He knew the sermon, of course. The example of Bartholomew. The theme of chain-reaction in human lives. The observation that a small kindness can inspire greater and ever-greater kindnesses of which we never learn, in lives distant both in time and space..By now, Junior realized that he had been locked in a meditative trance for at least eighteen hours. He had settled into the lotus position at five o'clock Monday afternoon-and Bob Chicane had shown up or their regular instruction session at eleven Tuesday morning..A pathologically suspicious cop, aware of Junior's acute.; emesis following Naomi's death, might imagine a connection between this epic bout of diarrhea and Victoria's murder, and Vanadium's disappearance Here was an avenue of speculation that he did not want to encourage..Because drugs foil all efforts at self-improvement, Junior had no use for the cocaine and acid. He didn't dare sell them to recover his money; even five thousand dollars wasn't worth risking arrest. Instead, he gave the pharmaceuticals to a group of young boys playing basketball in a schoolyard, and wished them a Merry Christmas. The twenty-fourth of December began with rain, but the storm moved south soon after dawn. Sunshine tinselled the city, and the streets filled with last-minute holiday shoppers.."Sure. That's how it works with everything. Everything that can happen does happen, and each different way of happening makes a whole new place"..Although she already knew that the answer could not be cheerily optimistic, Celestina wondered, "Is the baby likely to be . . . normal?"."And to the north of us," Agnes said, drawing him out, "Janey Carter went off to college last year, and she's their only child.".He liked her face, too. She wore no makeup, and pulled her brown hair back in a bun. Some might say she was mousy, but the only things mousy that Nolly saw about her were a piquant tilt to her nose and a certain cuteness..After clicking off the kitchen lights, the hall light, and the light in the foyer, he pulled shut the front door, leaving the house dark and silent behind him..She worried that they would argue with her, and though she knew that she was committed to her decision, she was afraid to have that commitment tested just yet..After just twenty-one days, the boy's adaptation to blindness was amazing but clearly the gathered audience stood in anticipation of something more remarkable than his unhalting progress and unerring sense of direction..He slid his chair sideways to the secretary and leaned forward with the gun in both hands..Looking down at Barty, Agnes saw the ghost of Joey in the baby's face, and although she half believed that her husband would be alive now if he had never tempted fate by putting such a high price on his fife, she couldn't find any anger in her heart for him. She must accept this final generosity with grace-if also without enthusiasm..Junior gave the Raisinets to him, and Google left the theater with his candy and his cash..Finally sleeping, he had anxiety dreams of being in a public rest room, overcome by urgent need, only to find that every stall was occupied by someone he had killed, all of them vengefully determined to deny him a chance for dignified relief..Bright though they were at all times, Barty's Tiffany eyes shone brighter now with beams of North Pole magic. "Maybe I do feel it"..She thought that she already knew all about humility, about the necessity of it, about the power of it to bring peace of mind and to heal the heart, but in the following few minutes, she learned more about humility than she had ever known before..Thereafter, Junior managed to drive four miles before he was forced to pull off the road at another service station, after which he felt that his ordeal might be over. But less than ten minutes later, he settled for more rustic facilities in a clump of bushes alongside the highway, where his cries of anguish frightened small animals into squeaking flight..Now, trouble. Different from what he'd experienced before but just as powerful and terrifying. He didn't need to regurgitate, but he desperately needed to evacuate..evening. She brought her daughters, seven-year-old Bonita and six year-old Francesca, who came with their newest Barbie dolls-Color Magic Barbie, the Barbie Beautiful Blues Gift Set, Barbie's friends.Someone she had known. Someone Celestina, too, might know. He lived in or around Spruce Hills, because Phimie had considered him still to be a threat..Using all is powers of concentration, which were formidable, Junior sought to silence the phantom Chicane. At first, the voice steadily faded, but soon it grew louder again, and more insistent..The galerieur's icy demeanor thawed marginally at this proof of taste and financial resources. He either smiled or grimaced at a vague but unpleasant smell-hard to tell which-and identified himself as the owner, Maxim Coquin.."He's an attorney, and this grieving husband comes to him with a big liability case. There's money to be made."."All right," Celestina conceded, and looked relieved. "Thank you, Paul. You're not only an exceptionally brave man but a gracious one, as well."..He considered calling her, but he didn't know what he would say if she answered..Celestina had wanted to go to Oregon for the service, but Tom, Max Bellini, the Spruce Hills police, and Wally Lipscomb-to whom, by Sunday, she'd begun talking almost hourly on the telephone-all advised strenuously against making the trip. A man as crazed and as reckless as Enoch Cain, expecting to find her at the funeral home or the cemetery, might not be deterred by a police guard, no matter what its size..With his refreshed drink, studying Celestina's photograph in the brochure, Junior returned to the living room. She was as stunning as her sister, but unlike her poor sister, she wasn't dead and was, therefore, an appealing prospect for romance. From her, he must learn whatever she knew that might help him in the Bartholomew hunt, without alerting her to his motive. At the same time, there was no reason that they couldn't have a fling, a love affair, even a serious future together..Sweaty, chilled, trembling, weak-kneed, watery-eyed with self-pity, Junior spread a plastic garbage bag on the driver's seat. He got in the Suburban, twisted the key in the ignition, and groaned as the engine vibrations threatened to undo him..One problem: Nolly Wulfstan, Quasimodo without a hump, probably repaired to this convenient club after work, to down a few beers, because this was surely as close as he would ever get to a halfway attractive woman. The detective would think that he and Junior were here for the same reason-to gawk at nearly naked babes and store up enough images of bobbling breasts to get through the night-and he would not be able to comprehend that for Junior the attraction was the dance, the intellectual thrill

of experiencing a new cultural phenomenon..From San Francisco south to Orange County Airport on a crowded commuter flight, then farther south along the coast by rental car, Paul Damascus brought Grace, Celestina, and Angel to the Lampion house. "Before we go to my place, there's someone I very much want you to meet. She's not expecting us, but I'm sure it'll be okay." "Stop it, stop it!" Agnes, only ten years old, slender and shaking, but wild with righteousness, until now held in thrall by her own fear, by the memory of all the beatings that she herself has taken. She screams at their father and strikes him with a book she's brought from the house. The Bible. She strikes their father with the Bible, from which he's read to them every night of their lives. He drops the roses, tears the holy book out of Agnes's hands, and pitches it across the yard. He rakes up a handful of the scattered roses, intending to make his son resume this dinner of sin, but here comes Agnes once more, the Bible recovered, brandishing it at him, and now she says what all of them know to be true but what none of them has ever dared say, what even Agnes herself will never again dare to say after this day, not while the old man lives, but she dares to say it now, holding the Bible toward him, so he can see the gold-embossed cross upon the imitation-leather cover. "Murderer," Agnes says. "Murderer." And Edom knows that they're all as good as dead now, that their father will slaughter them right here, right this minute, in his rage. "Murderer," she says accusingly, behind the shield of the Bible, and she doesn't mean that he is killing Edom, but that he killed their mother, that they heard him in the night, three years before, heard the short but awful struggle, and know that what happened was no accident. Roses fall from his skinned and pierced hands, a flurry of petals yellow and petals red. He rises and takes a step toward Agnes, his dripping fists crimson with his blood and with Edom's. Agnes doesn't back away, but thrusts the book toward him, and scintillant sunlight caresses the cross. Instead of tearing the book out of her hands again, their father stalks away, into the house, surely to return with club or cleaver ... yet they will see no more of him this day. Then Agnes-with tweezers for the thorns, with a basin full of warm water and a washcloth, with iodine and Neosporin and bandages-kneels beside him in the yard. Jacob, too, comes forth from the dark crawlspace under the porch, having watched in terror from behind the latticework skirt. He is shaking, crying, flushed with embarrassment because he didn't intervene, although he was wise to hide, for the disciplinary beating of one twin usually leads to the pointless beating of the other. Agnes gradually settles Jacob by involving him in the treatment of his brother's wounds, and to Edom she says, often thereafter, "I love your roses, Edom. I love your roses. God loves your roses, Edom." Overhead, agitated wings quiet to a soft flutter, and the shrieking crows grow silent. The air pools as still and heavy as the water in a hidden lagoon within a secret glade, in the perfect garden of the unfallen.... "We have reason to believe that the man who raped your sister is stalking you." But both the Church and quantum physics contend there is no such thing. Coincidence is the result of mysterious design and meaning--or it's strange order underlying the appearance of chaos. Take your pick. Or, if you choose, feel free to believe that they're one and the same..He doubted that the singer had been Victoria Bressler, dead nurse, but he believed this was the same voice he'd heard on the telephone, back on the twenty-fifth of June, when someone purporting to be Victoria had called with an urgent warning for Bartholomew..Not incidentally, the project served as a vehicle by which some older citizens, in financial crisis, could receive money in a way that spared their dignity, gave them hope, and repaired their damaged self esteem. Agnes asked Obadiah to enrich the project by accepting a one year grant to record the story of his life with the help of the head librarian..With the same surprising ease that she had gotten a plane out of San Francisco on a one-hour notice, Celestina booked two return seats on an early-evening flight from Oregon, as though she had a supernatural travel agent.. "You didn't at all," Dr. Salk assured him. "I need to talk to you. If you would give me a little of your time..." In his entire life, Junior had never suffered this much pain without first having killed someone. Reluctant to depart until certain that his student was out of danger physically, emotionally, and mentally, Bob Chicane stayed until three thirty. When he left, he broke some bad news to Junior: "I can't keep you on my student list, man. I'm sorry, but you're way too intense for me. Way too intense. Everything you do. All the women you run through, this whole art thing, whatever all those phone books are about-now even meditation. Way too intense for me, too obsessive. Sorry. Have a good life, man." Into Barty's darkness came light that he had not sought. He saw his smiling Mary on his lap as she lowered her hands from his temples, saw the faces of his family, the table set with Christmas decorations and many candles flickering..Tom knew only three of the eight. Grace White, Angel, and Paul Damascus. The others were introduced quickly by Celestina. Agnes Lampion, their hostess. Edom and Jacob Isaacson, brothers to Agnes. Maria Gonzalez, best friend to Agnes. And Barty..On this occasion, however, he couldn't have focused on a book even if he'd had the strength to hold it. The fierce paroxysms that clenched his guts also destroyed his ability to concentrate..Retracing his path across the kitchen, he caught a faint whiff of jasmine from the backyard. Funny, jasmine here inside. Two paces later, he felt a draft..Bartholomew's genius might have been intimidating, even off-putting, if he'd not been as much child as child genius. Likewise, he would have been wearisome if impressed by his own gifts..Too rattled to want lunch at the St. Francis Hotel or anywhere else, Junior returned to his apartment..Those words, in a vertiginous spiral, spooled through the memory tapes in Junior's mind, as clear and powerfully affecting-and every bit as alarming-as the memory flash of the ordeal in the Dumpster. He couldn't recall where he'd heard them, who had spoken them, but revelation trembled tantalizingly along the rim of his mind.
